

A hangout for musicians to share **ideas, solutions and possibilities**

A graphic with a teal background. On the left, there is a stylized megaphone with a red handle and a yellow body. Above and around the megaphone are white brushstrokes and orange zigzag lines. A large dark blue circle on the right contains the text 'SUPPORTING OUR CREATIVE STATE' in white. Yellow dots are scattered across the teal background. In the bottom right corner, there is a small white silhouette of the state of Victoria with the text 'CREATIVE VICTORIA' next to it.

2020 RESILIENCE FUND

We are directing approximately \$5M to the Resilience Fund to provide immediate relief to the Australian arts sector.

The 2020 Resilience Fund is designed to provide emergency relief to support the livelihoods, practice and operations of Australian artists, groups and organisations during the COVID-19 pandemic.

This funding can be combined with relief offered by other arts funding agencies, government departments, support services and philanthropy.

We have developed this program using input and ideas from the arts sector. We gathered this input through various sector roundtables and discussions, feedback and ideas provided to us by artists and organisations we fund and people who have participated in our sector development programs.

There are three streams you can apply for:

Survive

Small grants for individuals, groups and organisations to offset or recoup money lost due to cancelled activity.

Adapt

Grants for individuals, groups and organisations to adapt their arts practice and explore new ways of working.

Create

Grants for individuals, groups and organisations to continue to create artistic work and/or develop creative responses in this time of disruption.
